MENTORSHIP POLICY OF INSTITUTE:

Mohammadia Tibbia College & Assayer Hospital, Mansoor, Malegaon is the unique institute for Unani teaching, research, and health care. The institute is decided for continuous quality improvement and enhancement in teaching, research, and healthcare. Students are the base of the institute and thus the policies concerned with quality management for students are the prime focus of the institute, students those who occasionally face academic and adjustment challenges. To cope with such problems and to enable them to excel in academics and the profession to the best of their potential, a mentorship programme is organized for students of the institutes.

SPORTS

Our college's sports activities include various indoor and outdoor games. Students are trained well at Gymkhana which is situated at Jamia Mohammadia Education Campus, Mansoor, Malegaon.

There is a separate wing for various games and sports disciplines. A well-qualified Physical instructor supervises all the training aspects, both indoor and outdoor games. This facility promotes fitness and overall health. We take pride in providing our college students with access to all these amenities within our college premises. We ensure that we have the necessary equipment for major sports like volleyball, cricket, badminton, and tennis, as well as other indoor games. Best-in-class professional facilities are provided for the following outdoor and indoor games.

LIBRARY:

The institute has a big library, equipped with internet facilities, e-resources, e-journals, eBooks, and periodicals. The college library plays a

pivotal role in supporting various academic endeavors. It serves as a vital resource center and a sanctuary for students.

Functioning as a sanctuary of knowledge, the library offers a wide range of resources, including books, journals, e-books, manuscripts, and more, catering to the academic needs of students. Mohammadia Tibbia College Central Library goes beyond its extensive collection, providing a conducive environment for students. It also offers separate arrangements for girls and boys, with two spacious reading halls accommodating 30 students each.

HERBAL GARDEN

The College has developed "Herbal Garden" to provide learning exposure to undergraduate students sensitized about the therapeutic index of medicinal plants. At Mohammadia Tibbia College we have a dedicated space for a herbal garden. The objective of the herbal garden is to provide practical exposure to the students about medicinal trees, herbs and shrubs. We have numerous popular traditional medicinal plants in our garden which are used in the preparation of compound drugs. In the garden, we have more than 250 medicinal plant species with varieties of medicinal value. The main objective of the herbal garden is to provide a better learning experience for the students in the field of identification, medicinal uses, seasonal plants, characteristics of plants and their cultivation process during practical hours.

ADOPTED VILLAGES

The college has adopted 05 villages near the college named as under.

- 1) Chandanpuri
- 2) Patna
- 3) Kaulane
- 4) Jamea Mohammadia Education Campus
- 5) Tehera

The NSS Unit of the college organized various activities inside the adopted village along with villagers. Activities like village cleanliness drives, AIDS awareness programs, posturing against alcoholism, medical camps, Swachata Bharat Abhiyan, etc. Besides these, during the time of the coronavirus pandemic, our NSS Unit conducted social activities among the villagers and conducted COVID-19 vaccination camps at the college campus for villagers of the adopted village.

Mohammadia Tibbia College & Assayer Hospital, Mansoor, Malegaon, has implemented a strict "Zero Tolerance Policy" to address disruptive behaviors such as possession of weapons, threats, hazing, sexual misconduct, stalking, discrimination, harassment, and violent acts. Following a thorough investigation, students found to be involved in such behaviors will face disciplinary action, including possible expulsion.

About Hospital

"ASSAYER HOSPITAL, "ASSAYER HOSPITAL, the most renowned Unani Hospital in India, is affiliated with a 60-bed Inpatient Department (IPD) attached to the college." The Hospital has achieved remarkable success in treating chronic and incurable illnesses such as Arthritis, Rheumatism, Asthma, Polio, Neuritis, Hepatitis, Jaundice, Paralysis, Nervousness, and to some extent Diabetes, and Hypertension utilizing Unani Medicines and regimental therapies. Mohammadia Tibbia College & Assayer Hospital is dedicated to providing superior care to patients.

ICU CENTRE:

Due to the absence of ICU facilities at the hospital, admitted patients, particularly those undergoing dialysis, had to be referred to other ICU centers in Malegaon City during emergencies, where they were required to pay substantial fees. Recognizing the hospital's requirements, the management of the institution decided to establish an ICU Unit within the hospital. A four-bed ICU Unit was established in April 2021 within the IPD building in collaboration with the Honorable Arshad Mukhtar Sahab, the President of Al-Jamiatul Mohammadia Al-Khairiah.

DIALYSIS CENTRE:

Due to the increase in day-to-day kidney failure patients, were having difficulty with dialysis. Keeping in view of dialysis problems, Honorable Arshad Mukhtar Sahab has arranged five Dialysis Machines in Assayer Hospital for Kidney failure patients. Presently, the maximum number of patients have availed advantage of these facilities for Dialysis. Dialysis facilities with medicines are being provided at very cheap rates in this hospital. Patients have to pay less charge for these expenses, as it is a lifetime disease and beyond the capacity of patients.

COMMUNITY OUTREACH AND SOCIAL IMPACT

Organized 17 free health camps, benefiting 1390 individuals.

THE REGIMENAL THERAPY (ILAJ BIT TADBEER UNIT)

Initially, the section of Ilaj Bit Tadbeer (Regimenal Therapy) was set up in three rooms within the IPD section, which were well-equipped with advanced facilities. Over time, this section has transformed into a fully operational department that offers a wide array of Regimenal treatments. The primary objective of this department is to deliver primitive, preventive, curative, and rehabilitative services to the community, catering to a diverse range of neurological patients seeking treatment. A significant proportion of individuals visiting the IBT unit suffer from musculoskeletal disorders, knee pain, arthritis, spondylitis, and other related conditions.

PHARMACY (SAIDLA) DEPARTMENT:

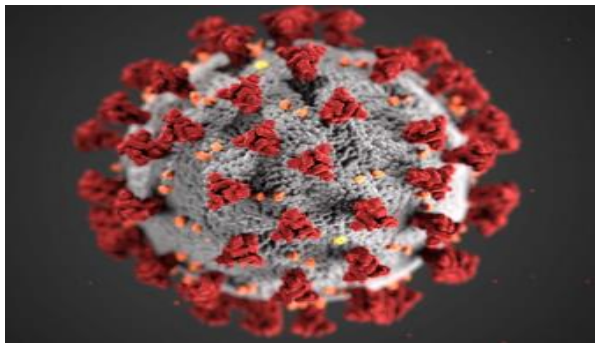

The pharmacy department operates a fully equipped unit that specializes in processing and preparing various formulations in different dosage forms to meet the requirements of both in-patient department (IPD) and out-patient department (OPD) patients. These formulations include Safoof, Kushta, Joshanda, Roghan, Marham, Hab(Pills), Qutoor (Eye drops), Sunoon (Tooth powders), Ubtan (Face powder) and more. The pharmacy unit is adequately equipped to carry out these tasks efficiently. Currently, a total of 75 compound formulations are prepared within this unit.

Social & Medical Services During Covid-19

Towards the end of the year 2019, a new type of coronavirus called Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) was identified, the World Health Organization (WHO) declared this COVID-19 outbreak as a pandemic.

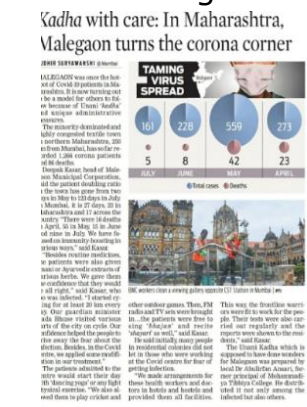

When COVID-19 was spreading all over the nation, Mohammadia Tibbia College & Assayer Hospital including the Boys hostel has been turned into a Center for COVID-19 center w.e.f. 10.04.2020 to 24.10.2020, in collaboration with Malegaon Municipal Corporation in which all facilities provided including oxygen supply & other treatment for COVID-19 positive patients.

The medical emergency facilities were set up by Mohammadia Tibbia College & Assayer Hospital in collaboration with Malegaon Municipal Corporation, including twenty beds with oxygen cylinders.

MALEGAON PATTERN:

Malegaon city achieved dramatic success in containing the spread of the virus in June 2020 after being one of the worst affected in the state in the preceding months. This success story became popular as the "Malegaon Pattern" of containing the Covid-19 pandemic. In Malegaon city for dramatic success in containing the spread of COVID-19, 'MANSOORA KADHA' (herbal concoction) prepared by "Mohammadia Tibbia College & Assayer Hospital, played a key role in the turnaround.

PHARMACOVIGILANCE CENTRE

We operate as the Peripheral Pharmacovigilance Centre (PPvC) in Malegaon, functioning under the Intermediary Pharmacovigilance Centre (PPvC) located at NIUM in Bangalore, which is overseen by the National Pharmacovigilance Centre at the All India Institute of Ayurveda, New Delhi. We are the first and only pharmacovigilance center set up among all Unani medical colleges in Maharashtra.

SURYADATTA EXCELLENCE WARD -2024

Suryadatta Excellence Education Foundation and Lokmat Media Group awarded people from different walks of life the "Suryadatta Excellence Award" to real-life heroes for outstanding performance in different fields. Honorable Arshad Mukhtar Sahab, Chairman of Mohammadia Tibbia College & Assayer Hospital, was chosen for "Young Scientist 2024" for his work that contributed to society in the fight against COVID by providing medicines, meals, sponsoring treatments, and especially for Unani Kadha, known as "MANSOORA KADHA".

FAMILY PLANNING CENTER

The Tubectomy Family Planning Center at Mohammadia Tibbia College & Assayer Hospital has been operating successfully for over 25 years in collaboration with the Panchayat Samiti PHCs. This center provides free operation facilities not only to women of Malegaon but also to those of nearby villages such as Sonach Takli, Malgaon, and Saundane for totally free of cost.

DEPARTMENT OF SERGEY (OPERATION THEATER)

In Mohammadia Tibbia College and Assayer Hospital Malegaon have been conducting various major and minor surgeries within the surgery department. The college authorities set up the operation theatre according to government guidelines. The department boasts a team of well-trained and qualified staff. Dr. Swaleha Khan and Dr Tahzeeb Afroz, Dr. Tahzeeb, have been successfully performing various surgical procedures.

The year 2024 has been a year of growth and progress for the Unani Medical College & Hospital. We look forward to further strengthening our commitment to providing quality education, healthcare, and research in Unani medicine. Our achievements this year reflect the dedication and hard work of our faculty, staff, students, and community partners. Together, we aim to continue advancing in our mission of healing and education.
